# DIANA HEARS

**R**OCKING THE BOAT ... Huge excitement. It's over Lew Lehman's splashy little do aboard the Sequoia, Former First yacht, on Wednesday. (No meat-balls and Kool-Aid, darlings. This one's to thank chums who raised \$3.5 mill for his "Citizens For America" lobby.) The fun note's the guest list: As well as Usual Suspects like CIAer Bill Casey and Agman John Block, there'll be T. Boone Pickens Jr. — who's trying to take over Unocal; Fred Hartley — who's trying not to have Unocal snatched from him; and John Shad, the Chairman of the SEC, who's mediating the war. Oh, Ear loves shipboard games. Stand back from the taffrail, please.
